

## U.S. Symbols

Symbols of history,  
Symbols of freedom,  
Symbols of bravery  
All across America,  
Far and wide, you'll see  
Symbols of history,  
Symbols of freedom,  
Symbols of bravery  
All across America,  
Where we all live free

13 stripes for 13 colonies  
On the flag of the USA  
50 stars for 50 states  
In a field of blue they say  
Stands for fair, the red for brave  
The white for good, in the USA  
Chorus

Courage, strength and independence  
The bald eagle has all three  
Standing proud in New York harbor  
Lady Liberty  
With her torch shining forth  
Bright and free for you and me  
Chorus

You got the Rose and the Liberty Bell  
You got Mt. Rushmore  
we all know it well  
You got the White House  
and the Oak Tree  
All of them symbols of our liberty!  
You got the Lincoln Memorial  
You got the Grand Canyon's  
gigantic hole  
The Redwood Forests  
and Niagara Falls  
In our hearts we hear them call  
Chorus
